Director of Training

6 August 1958

Chief, Plans and Policy Staff

S. 3163, H. R. 13247

1. For your information I have just learned that one of the major bills before Congress provides for a Federal program of scholarships and incentives for the improvement of science and language education (S. 3163 and H. R. 13247). This bill is just being reported to the House and Senate. If Congress should adjourn by August 16, there is a good possibility that this bill might be pushed through before that date.

2. I have been in contact with [REDACTED] who is not familiar with it but has promised to obtain a copy for me, at which time I will make it available to you. Obviously, this might have certain advantages to CIA or it might be put under controls that would not be acceptable to CIA, in which case the Office of Training should request General Counsel to prepare a letter of exceptions as was found necessary in the Civil Service bill.
